

Srinivasan Raghunathan
Assistant Project Scientist
Department of Physics and Astronomy, University of California Davis, USA
Email: sriniraghuna@gmail.com
Phone: +1-310-721-6262

Website: <https://sriniraghunathan.github.io/>

Education:

- Doctor of Philosophy in Astronomy, Universidad de Chile, Chile: Mar 2010 - Feb 2016.
 - **Awarded graduate student of 2013 prize, Department of Astronomy, U. de Chile.**
 - **Awarded CONICYT PhD fellowship by the Chilean National Commission for Scientific and Technological Research.**
 - MSc by research in Astrophysics, University of Central Lancashire, UK: Oct 2008 - Jan 2010.
 - Bachelor of Engineering, Electronics and Communication, Anna University, India: Aug 2002 - Jun 2006.
 - **85% + distinction.**
 - **Awarded class topper of 2006 prize.**
-

Appointments:

- University of California Davis, USA (*Current*): Assistant Project Scientist.
 - National Centre for Supercomputing Applications, University of Illinois at Urbana-Champaign, USA (2021-2025): Survey Science Fellow at the Centre for AstroPhysical Surveys.
 - University of California, Los Angeles, USA (2018 - 2021): Postdoctoral scholar.
 - University of Melbourne, Australia (2015 - 2018): Postdoctoral scholar.
 - Universidad de Chile, Chile (2011 - 2014): Masters and undergraduate co-lecturer: Cosmology and general astronomy (4 hours per week).
 - Electronic Data Systems (EDS), India (2006 - 2008): Software Engineer: Technology - IBM mainframes and UNIX.
-

Grants / Academic Credentials:

- 2025: Fermi National Accelerator Laboratory - Universities Research Association's Visiting Scholars Program (VSP): 20,000 USD towards cosmological inference from SPT-3G data.
- 2021: Survey Science Fellowship, Centre for AstroPhysical Surveys, National Centre for Supercomputing Applications.
- 2017: Laby-Betty travel grant, University of Melbourne.
- 2015: Simons foundation grant, Aspen centre for Physics.
- 2013: Research student of the year, Department of Astronomy, UChile.
- 2013: Universidad de Chile scholarship to carry out PhD thesis work at Princeton University for three months.
- 2010 - 2015: CONICYT PhD fellowship, National Commission of Scientific Research and Technology, Chile.

- 2007: Designed and developed the internal team website for EDS India and recognised with a performance award.
 - 2006: Graduate student of the year prize, Sri Sairam Engineering College, India.
-

Student supervisions:

- Ana Carolina Oliveira, PhD (Ongoing). **Topic:** Thermal Sunyaev–Zeldovich effect and gravitational lensing. Co-supervision with Prof. Kimmy Wu, **Caltech/Stanford University**, USA.
 - Dr. Kevin Levy, PhD (2026). **Topic:** CMB lensing and the large-scale structures of the Universe. Co-supervision with Prof. Christian Reichardt, **University of Melbourne**, Australia.
 - Dr. Karthik Prabhu, PhD (2025). **Topic:** Primary CMB and gravitational lensing. Co-supervision with Prof. Lloyd Knox, **University of California, Davis**, USA. **No. of publications: 2.**
 - Dr. Eduardo Schiappucci, PhD (2024). **Topic:** Kinematic Sunyaev–Zeldovich effect. Co-supervision with Prof. Christian Reichardt, **University of Melbourne**, Australia. **No. of publications: 1.**
 - Kevin Levy, MSc (2022). **Topic:** CMB lensing. Co-supervision with Dr. Kaustuv Basu, **University of Bonn**, Germany. **No. of publications: 1.**
 - Dr. Sanjay Patil, PhD (2021). **Topic:** CMB lensing. Co-supervision with Dr. Christian Reichardt, **University of Melbourne**, Australia. **No. of publications: 4.**
 - Dr. Tracey Friday, PhD (2021). **Topic:** Large-scale structures and SNe cosmology. Co-supervision with Dr. Roger Clowes, **University of Central Lancashire**, UK. **No. of publications: 2.**
 - Alexia Lopez, MSc (2021). **Topic:** Large-scale structures of the Universe. Co-supervision with Dr. Roger Clowes, **University of Central Lancashire**, UK. **No. of publications: 1.**
-

Services to Astronomy Community and Professional activities:

- **Telescope Allocation Committee:**
 - Member of the National Radio Astronomy Observatory (NRAO) Science Review Panel (Nov 2021 - Nov 2023).
- **Collaboration responsibilities and leadership roles:**
 - Co-ordinator of AtLAST’s primordial universe working group (WG, Apr 2025 - to date).
 - Co-ordinator of SPT CMB secondaries and cross-correlations WG (Oct 2024 - to date).
 - SPT x Euclid Project management committee (September 2024 - to date).
 - Co-ordinator of CMB-S4 galaxy clusters WG (May 2021 - to date).
 - Co-ordinator of SPT data analysis WG calls (Jan 2021 - to date).
- **Reviewer:**
 - **Journals:**
 - * The Astrophysical Journal (Sep 2025 - to date).
 - * Physical Review Letters (May 2021 - to date).
 - * Physical Review D. (Sep 2020 - to date).
 - * Journal of Cosmology and Astroparticle Physics (Feb 2024 - to date).
 - * Monthly Notices of the Royal Astronomical Society (May 2024 - to date).

- * Galaxies, Multidisciplinary Digital Publishing Institute (MDPI) (Sep 2021 - to date).
 - NSF 2025 Graduate Research Fellowship Program (GRFP) (Nov 2024 - to date).
 - **Tutorials:**
 - Tutor at the computing boot camp (August 2023) - Organised by Centre for AstroPhysics Surveys, UIUC.
 - **Colloquium / Seminar organisation:**
 - Astrophysics/Cosmology seminar organiser, Department of Physics and Astronomy, UC Davis (Jan 2026 -).
 - Colloquium organiser, Centre for AstroPhysics Surveys, UIUC (Jan 2022 - Aug 2023).
 - * Developed and actively maintaining <https://caps.ncsa.illinois.edu/home/talks/>.
 - Astrophysics colloquium organiser, School of Physics, U. of Melbourne (Feb 2017 - April 2018).
 - Cosmology journal organiser, School of Physics, U. of Melbourne (Feb 2016 - Feb 2017).
 - Journal club organiser, Department of Astronomy, U. of Chile (Feb 2012 - Feb 2013).
-

Collaborations:

Present: South Pole Telescope (SPT), CMB-S4, South Pole Observatory (BICEP+SPT), LSST-DESC, Terahertz Intensity Mapper (TIM), CMB-HD and Atacama Large Aperture Submillimeter Telescope (AtLAST).

Past: Atacama B-mode Search (PhD thesis project).

Publications

As top-tier author: arXiv repo. (Papers led by Students / Junior Postdocs are marked with [★] and also highlighted in green.)
